The Corporations and Labour Unions Returns Act, Chapter 26, 10-11 Elizabeth II was passed by Parliament in April, 1962. The Act is administered by the Dominion Statistician under the authority of the Minister of Industry, Trade and Commerce. The purpose of the Act is to collect financial and other information on the affairs of corporations and labour unions carrying on activities in Canada. Such information was considered necessary to determine on one hand the extent and effects of non-resident ownership and control of corporations in Canada and on the other hand, the extent and effects of the association of Canadians with international labour unions.

Part I of the Act, dealing with corporations, applies only to corporations whose gross revenue during a reporting period exceeds \$500,000 or whose assets exceed \$250,000. Crown corporations and corporations operating under the authority of such Government of Canada statutes as the Canadian and British Insurance Companies Act, the Trust Companies Act, the Loan Companies Act, the Small Loans Act, the Radio Act and the Railway Act are exempt to avoid the duplication of returns where substantially the same kind of information was felt to be available under other federal legislation.

The corporation returns are divided into confidential and non-confidential sections. The non-confidential section of the return includes information on the incorporation, officers and directors and ownership of the corporation's issued share capital. The confidential section of the return includes financial statements similar to those required under the Income Tax Act and a schedule of selected payments to non-residents.

The returns are made in the first instance to the Dominion Statistician. The Act provides that the non-confidential part, Section A of the return filed by each corporation shall be kept on record in an office of the Department of Consumer and Corporate Affairs, to which one copy is forwarded by the Dominion Statistician. Any person is permitted to inspect these copies upon payment of a nominal fee. Section B of the corporation return remains in the control and custody of the Dominion Statistician and is not available to any person other than an official or authorized person as described in the Act. A copy of the Act, Regulations and the Reporting forms are included.

This publication has been prepared from the Section A, non-confidential part of the returns submitted by corporations for their

La Loi sur les déclarations des corporations et des syndicats ouvriers (chapitre 26, 10-11 Elisabeth II) a été adoptée par le Parlement en avril 1962. Son application relève du Statisticien fédéral, qui en répond au Ministre de l'Industrie et du Commerce. La loi permet la collecte de données financières et d'autres renseignements sur les affaires des corporations et des syndicats ouvriers en activité au Canada. On a jugé que de tels renseignements étaient nécessaires pour déterminer d'une part l'importance et les conséquences de la propriété et du contrôle étrangers des corporations établies au Canada, et d'autre part l'importance et les résultats de l'affiliation des Canadiens à des syndicats ouvriers internationaux.

La Partie I de la loi ne s'applique qu'aux corporations dont le revenu brut, pour la période de référence, est supérieur à \$500,000, ou dont l'actif dépasse \$250,000. Les sociétés de la Couronne et les sociétés régies par d'autres lois canadiennes, (comme la Loi sur les compagnies d'assurance canadiennes et britanniques, la Loi sur les compagnies fiduciaires, la Loi sur les compagnies de prêt, la Loi sur les petits prêts, la Loi sur la radio et la Loi sur les chemins de fer) y sont soustraites, car autrement il y aurait danger de double emploi, vu que ces corporations fournissent déjà des renseignements analogues aux termes d'autres lois fédérales.

Les déclarations des corporations sont réparties en deux sections: la section confidentielle et la section non confidentielle. La section non confidentielle renseigne sur le mode de constitution de la corporation, sur ses dirigeants et ses administrateurs ainsi que sur l'identité des propriétaires des actions émises. La section confidentielle renferme des états financiers analogues à ceux qu'exige la loi de l'impôt sur le revenu et un état de certains paiements à des non-résidents.

Les déclarations sont envoyées d'abord au Statisticien fédéral. La loi stipule qu'un double de la partie non confidentielle, c'est-à-dire de l'état compris dans la Section A de chaque déclaration, doit être conservé au Ministère de la Consommation et des Corporations. Le Statisticien fédéral envoie donc un exemplaire de cette Section au dit Ministère. Toute personne intéressée peut consulter ces dossiers moyennant une somme nominale. La section B de la déclaration demeure sous le contrôle et la garde du Statisticien fédéral et personne n'y a accès, sauf les fonctionnaires ou les personnes autorisées par la loi. On trouvera ci-joint un exemplaire de la loi, des règlements et des formules de déclaration.

La présente publication est fondée sur les données de la Section A, soit la partie non confidentielle, des déclarations des corporations

fiscal years ending in 1967. Specifically, the information required to be reported under Sections 4(a)(i), 4(a)(ii), 4(a)(v) and 4(a)(vi) of the Act has been used to link the ownership of shares of the corporations. This linkage of corporations has been based on the inter-corporate ownership of the voting rights attaching to various classes of shares.

Under Item 10 and 12 of the Section A reporting form, corporations report the classes of shares authorized and outstanding, the voting rights attaching to each class of shares and the number of shares issued and outstanding to shareholders with addresses in Canada, outside Canada and with no address of record. In addition corporations report under Item 14, the name and address of each corporation owning 10% or more of any class of issued shares. In this publication, the corporations which hold 10% or more of the votes of another corporation are called "holding corporations". The corporations whose shares are owned by a holding company are called the "reporting corporations". It is possible for a corporation to be both a "reporting corporation" and a "holding corporations" by having 10% or more of the votes attaching to its issued share capital owned by another corporation and by owning 10% or more of the votes attaching to shares issued by another corporation.

Ownership Complexes

Corporations, which had common ownership by another corporation or were linked together in "reporting corporation-holding corporation" relationships were grouped together to form ownership complexes. Corporations were grouped when there existed inter-corporate ownership of voting rights of 10% or more.

The inter-corporate ownership complex begins with a holding corporation in which no other corporation owns over 10% of the voting shares. This group of corporations includes a number of foreign incorporated companies which are not reporting corporations but are corporations holding more than 10% of the voting shares of a reporting corporation. The symbol "X" following the name of the holding corporation indicates that the corporation was incorporated in Canada but was not considered to be a reporting corporation for 1967. The symbol "R" indicates that the holding corporation is involved in another ownership complex. The number following the symbol "R" indicates that the holding corporation has an important involvement in the other complex.

pour leur exercice financier terminé en 1967. Plus précisément, les renseignements exigés en vertu des articles 4(a)(i), 4(a)(ii), 4(a)(v) et 4(a)(vi) de la loi ont servi à établir le lien entre les propriétaires des actions des corporations. Ce lien entre les corporations a été établi d'après la possession par diverses corporations d'actions leur donnant droit de propriété (et de vote) sur d'autres corporations.

Aux postes 10 et 12 de la Section A, les corporations inscrivent les catégories des actions autorisées et en circulation, le droit de vote qui se rattache à chaque catégorie et le nombre d'actions émises et en circulation détenues par les actionnaires qui ont leur adresse au Canada ou à l'étranger ou qui n'ont aucune adresse d'enregistrement. En outre, les corporations inscrivent au poste 14 le nom et l'adresse de chaque corporation détenant 10 p. 100 ou plus des actions émises, quelle qu'en soit la catégorie. Aux fins de la présente publication, les corporations qui détiennent 10 p. 100 ou plus des actions à droit de vote d'une autre corporation sont appelées "corporations actionnaires". Les corporations dont les actions sont détenues par une corporation actionnaire sont appelées "corporations déclarantes". Il se peut qu'une corporation soit à la fois "actionnaire" et "déclarante", si 10 p. 100 ou plus des votes attachés aux actions qu'elle a émises appartiennent à une autre corporation et si elle possède elle-même 10 p. 100 ou plus des votes attachés aux actions émises par une autre corporation.

Complexes de propriété

Les corporations dont une partie des actions appartenaient à une même corporation actionnaire ou entre lesquelles existe un rapport "corporation actionnaire - corporation déclarante" ont été réunies pour former des complexes de propriété. On a procédé ainsi dans les cas où il y avait interpropriété de 10 p. 100 ou plus des actions donnant droit de vote.

Le complexe de propriété commence avec une corporation actionnaire dont aucune autre corporation ne détient plus de 10 p. 100 des actions donnant droit de vote. Ce groupe comprend un certain nombre de corporations étrangères qui ne sont pas des corporations déclarantes mais qui détiennent plus de 10 p. 100 des actions donnant droit de vote d'une corporation déclarante. Le signe "X" après le nom de la corporation actionnaire indique que celle-ci a été constituée au Canada, mais qu'elle n'était pas considérée comme corporation déclarante en 1967. Le signe "R" indique que la société actionnaire fait partie d'un autre complexe de propriété. Le nombre qui suit le signe "R" signifie que la corporation actionnaire occupe une place importante à l'intérieur de cet autre complexe.

The code in the "residence" column indicates the mailing address of the head office of the holding corporation, which is, in most cases, within the country in which the firm is incorporated and is therefore taken to indicate the country of incorporation. The codes used are as follows: 1 - United States, 2 - United Kingdom, 3 - Other Western European Countries, 4 - All other countries excluding Canada, 5 - A foreign country not identified, 6 - Canada and 7 - unspecified including nominee companies, trusts, partnerships, etc.

The alphabetical index contains the names of all reporting corporations and holding corporations that have been used in the preparation of the inter-corporate ownership. The number that is given for each corporation name in the index indicates the ownership complex in which that corporation is involved. In a number of cases more than one complex number is given, indicating that the corporation is involved in more than one complex. One of these numbers, if underlined, indicates the major ownership grouping to which that corporation belongs.

Reporting Corporations

The act applies to every corporation authorized to do business in Canada regardless of the jurisdiction within which the organization is incorporated except a corporation that is one of a class of corporations specified in the Schedule to the Act. There are a number of corporations that are incorporated outside of Canada but because of their operations in Canada are reporting corporations under the Corporations and Labour Unions Returns Act. The exempt corporations are generally those that provide similar information under Government of Canada regulatory legislation, that are government-owned, that are non-profit organizations or that are smaller than the minimum size specified in the Act.

Effects of Different Fiscal Year Ends

Corporations were required to report under the Act for their fiscal years ending in 1967. These fiscal year endings may have occurred anytime in the calendar year 1967 and may have been different for any two corporations in an ownership complex. Therefore, if a corporation (A) stated that at its fiscal year end (January 31, 1967) another corporation (B) owned 10% of the votes attaching to its shares and if corporation (B) stated that at its fiscal year end (December 31, 1967) another corporation (C) owned 10% of the votes attaching to its shares, there is uncertainty as to whether a relationship

Le numéro de code sous la rubrique "lieu de résidence" indique l'adresse postale du siège social de la corporation actionnaire, lequel se trouve la plupart du temps dans le pays où l'entreprise est constituée; on présume qu'il indique le pays de constitution de la corporation. Voici la signification des numéros: 1 - États-Unis, 2 - Royaume-Uni, 3 - Autres pays de l'Europe occidentale, 4 - Tous les autres pays, sauf le Canada, 5 - Un pays étranger non identifié, 6 - Canada, et 7 - Non précisé. Sous ce dernier code on retrouve les sociétés à propriété nominale (définis plus loin), les trusts, les sociétés en commandite, etc.

L'index alphabétique donne les noms de toutes les corporations déclarantes et actionnaires dont les déclarations ont servi à déterminer la participation de chacun au capital-actions des autres. Le numéro qui figure dans l'index vis-à-vis chaque nom de corporation indique le complexe de propriété dont la société fait partie. Dans certains cas, il y a plus d'un numéro pour indiquer que la société appartient à plus d'un complexe. Si l'un de ces numéros est souligné, il indique le complexe le plus important auquel appartient la société.

Corporations déclarantes

La loi s'applique à toutes les corporations autorisées à exercer une activité au Canada, quelle que soit la compétence dont relève leur constitution, sauf celles qui se classent dans les catégories énumérées dans l'annexe de la loi. Il existe un certain nombre de corporations qui ont été constituées à l'extérieur du Canada, mais qui, à cause de leurs opérations au Canada, sont tenues pour corporations déclarantes aux termes de la Loi sur les déclarations des corporations et des syndicats ouvriers. En général, les corporations exemptées sont celles qui fournissent déjà des renseignements analogues aux termes de lois canadiennes, les sociétés qui appartiennent à l'Etat, les organismes sans but lucratif ou les entreprises plus petites que le minimum précisé par la loi.

Conséquences des écarts entre les années financières

En vertu de la loi, les corporations devaient produire une déclaration pour leur exercice financier terminé en 1967. L'exercice financier pouvait s'être terminé à tout moment de l'année 1967 et deux corporations quelconques appartenant à un même complexe de propriété pouvaient avoir des exercices financiers différents. Ainsi, si une corporation (A) a déclaré qu'à la fin de son année financière (au 31 janvier 1967), une autre corporation (B) détenait 10 p. 100 de ses actions donnant droit de vote, et si la corporation (B) a déclaré qu'à la fin de son année financière (au 31 décembre 1967), une troisième corporation (C) détenait 10 p. 100 de ses actions donnant droit de

of (C) owns 10% of (B) who owns 10% of (A), truly existed at any point in time. This uncertainty results from the possibility that in the interval of time from January 31, 1967 to December 31, 1967, Corporation (B) may have disposed of its holding of shares of Corporation (A). As a result some of the ownership complexes shown in this publication may never have existed at a particular point in time.

Nominee Ownership

Nominee ownership exists when an organization, either incorporated or not incorporated, holds shares of a corporation for the beneficial ownership of a third party. When such organizations held shares of reporting corporations, they were not considered to link the ownership of the corporations in which they held shares.

vote, et si la corporation (B) a déclaré qu'à la fin de son année financière (au 31 décembre 1967), une troisième corporation (C) détenait 10 p. 100 de ses actions donnant droit de vote, il est difficile de savoir si effectivement à un moment quelconque (C) possédait 10 p. 100 de (B), qui possédait 10 p. 100 de (A). Cette incertitude résulte de la possibilité qu'au cours de la période écoulée entre le 31 janvier 1967 et le 31 décembre 1967, (B) ait liquidé sa part d'actions de (A). Il faut donc en conclure que certains complexes de propriété qui figurent dans la présente publication peuvent n'avoir jamais effectivement existé.

Propriété nominale

Il y a propriété nominale lorsqu'un organisme, légalement constitué ou non, détient des actions d'une corporation pour le compte d'un tiers. Lorsque de tels organismes détenaient des actions de corporations déclarantes, ils n'étaient pas considérés comme constituant un lien de propriété entre les corporations dont ils détenaient des actions.
